People with special needs or handicaps are welcome, we will do our best to accommodate you. The terrain is rocky and requires walking around on uneven ground. The mine altitude is approximately 6,000 feet. We will provide a 2 gal bucket for your dig. The digging is limited to 3 hours, limit one bucket full of turquoise per person to insure there is plenty for everyone. We have never had anyone leave empty handed, so come on out and have a great experience and get really dirty! We also have the capability to cut your stones and set them in jewelry.
